

# FREE Riparian Planting Training Workshop

The Tamarisk Coalition,  
in partnership with  
NRCS,  
the Upper Colorado  
Environmental Plant  
Center,  
the Los Lunas Plant Material  
Center, & Mesa County, CO

*Cordially invites YOU to our Riparian  
Restoration Training to be held on:*

Nov 30<sup>th</sup> & Dec 1<sup>st</sup>, 2010

**SAME TRAINING EACH DAY**  
Grand Junction, Colorado

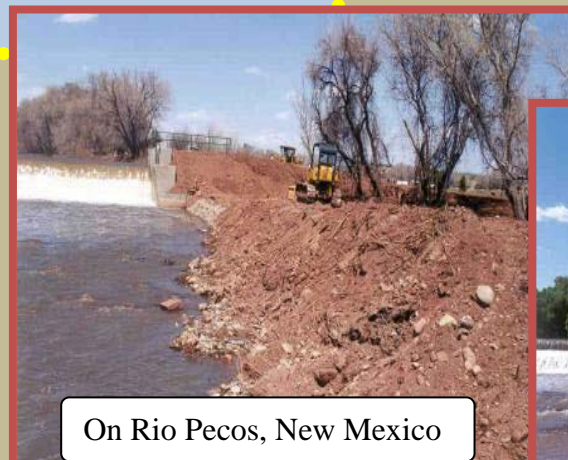

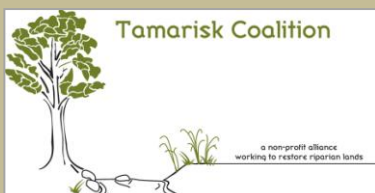

*RSVP Required;  
Please RSVP by November 15 to  
Shannon at [shatch@tamariskcoalition.org](mailto:shatch@tamariskcoalition.org) or call  
970.256.7400.*

Training participants will learn how to restore riparian habitat using native plants.

Focus will be on how to plant cottonwood and willow pole cuttings and longstem products.

Longstem planting techniques establish transplants in direct contact with the capillary fringe of the water table, greatly increasing plant survivability without subsequent irrigation.

On Rio Pecos, New Mexico

Same site 7 months after planting
